

## 102 Troux Optimization

This hands-on course teaches the concepts, features, and functions of the Troux Optimization product from a best practices perspective. Application Stewards, Portfolio Planners, and Project Planners learn methodologies for applications, contracts, and web services portfolio inventory management; application lifecycle management; and portfolio optimization. The course includes seven role-based modules.

### COURSE OBJECTIVES:

Upon completion, the student will be able to create and manage applications, contracts, and web services portfolios; manage application lifecycle data; and view and analyze the Troux Optimization portfolios.

### COURSE TOPICS:

- Mod 1: Introduction to Troux Optimization
  - Understanding Purpose and Benefits of Troux Optimization
  - Examining User Roles in Troux Optimization
  - Understanding Troux Optimization Terms and Concepts
- Mod 2: Managing Application Inventory
  - Planning Your Application Hierarchy
  - Creating Troux Optimization Data Manually
- Mod 3: Uploading Application Data
  - Uploading Application Data from MS Excel
  - Analyzing Data Quality
- Mod 4: Managing Application Lifecycles
  - Review of Application Lifecycles in Troux Optimization
  - Planning Application Lifecycles
  - Managing Application Lifecycles
  - Analyzing Lifecycles Using Troux Optimization Reports
- Mod 5: Managing the Contracts Portfolio
  - Contract Optimization
  - Managing Your Contracts Inventory
- Mod 6: Managing the Web Services Portfolio
  - SOA Optimization
  - Modeling Your Web Services Offering
  - Managing Your Web Services Inventory
- Mod 7: Viewing and Analyzing the Troux Optimization Portfolios
  - Troux Optimization Analysis Project Timeline
  - Working with Troux Optimization Reports
  - Analyzing Lifecycles Using Troux Optimization
  - Troux Optimization Metamodeling and Modeling

### COURSE PREREQUISITES:

Completion of *125 Troux Fundamentals* recommended.

### COURSE LENGTH:

One day or 2 web-based delivery sessions.

### COURSE COST:

\$825 per student. Call for a quote for private onsite training.
