

## 204 Developing Trox Composer Portals

This course prepares developers to create Trox Composer-based portals and manage role-based deployments of the Trox Portal. Through hands-on lab experience, students learn how to configure, manage, and maintain customized portals for role-based information delivery.

### COURSE OBJECTIVES:

Upon completion, students will be able to use the Trox Composer framework to create and maintain role-based portals including customized interfaces for data viewing and management.

### COURSE TOPICS:

- Trox Portal Overview
- Trox Composer Concepts
- Creating New Portal Configurations
- Configuring Trox Portlets
- Customizing Portal Interfaces
- Best Practices for Deployment and Management

### COURSE PREREQUISITES:

Completion of *125 Trox Fundamentals* is required. Completion of *221 Trox Metaverse Administration*, or equivalent experience is recommended.

### COURSE LENGTH:

Two days or 3 web-based delivery sessions.

### COURSE COST:

\$1650 per student
