

## 325 Trouw-Cognos Advanced Report Development

This hands-on lab course focuses on using the integrated Cognos ReportNet™ framework to develop high-quality visual reports using Trouw Intelligence within the Trouw Transformation platform, an integration of Cognos ReportNet and Crystal Reports technology. The course focuses on delivering information in textual, tabular, columnar and graphical formats and delivery as HTML, .pdf's, or exported to standard reporting formats including MS Excel and comma-separated values.

### COURSE OBJECTIVES:

Upon completion, students will be able to create and deploy professional reports and analytic dashboards using the Trouw Intelligence system.

### COURSE TOPICS:

- Report Development Methodologies
- Using Standard and Custom Datamarts
- Using Standard and Custom BI Models
- Developing List, Cross Tab, and Chart Reports
- Grouping and Sorting Data
- Report Prompting, Filtering, and Linking
- Report Layout and Formatting

### COURSE PREREQUISITES:

Completion of *125 Trouw Fundamentals*, or equivalent experience, required. A deep understanding of reporting systems and SQL recommended.

### COURSE LENGTH:

One day or 2 web-based delivery sessions.

### COURSE COST:

\$825 per student
